The sunniest region of Spain (more than 300 days per annum)

Ideal microclimate for the body (rich in negative ions) because of the many salt marsh classified natural park.

Reviving, this natural and local environment, joined with mud baths, remains the best body stimulating.

Beaches with fine sand , dunes and pine trees fields, palm trees and hundred years old eucalyptus with purifying perfumes.

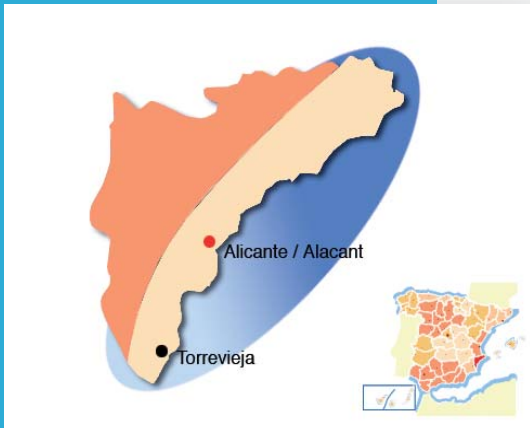

Undulating back-country, favourable to practise golf, bordered with residences, ideal resort for leisure and relax.

It's here !...

You are already at home !....

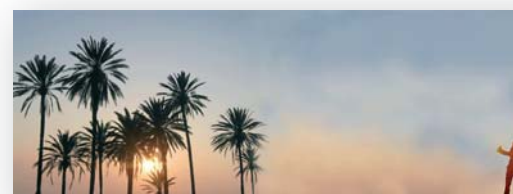

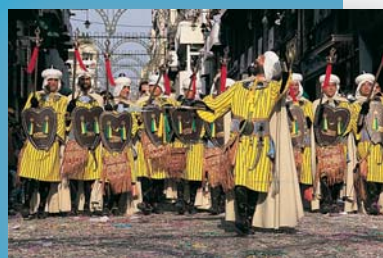

TORREVIEJA :

Situated at 47 Km in the south of Alicante and at 35 Km of the airports ALTET (Alicante) and San Javier, Torrevieja is surrounded with two big natural lagoons of salt water which form the famous "Salinas de Torrevieja" known like the first of Europe and the second of the world.

They are protected and classified natural parks. This gives to Torrevieja a world-famous for fun and dream.

This place is recommended for its anti-stress therapeutic properties.
